CONSULTATIONS

CONSULT	COST	DAY/TIME
Initial	Free of Charge	Monday-Friday, 9am - 4pm
Pattern making	\$70 per hour plus GST	Wednesday & Thursday, 10am - 2pm
Fitting with Pattern maker	\$70 per hour plus GST	Wednesday & Thursday, 10am - 2pm
Production Enquiry (without production taking place)	\$110.00 per hour plus GST	Tuesday & Thursday, 10am - 2pm
Production Quote Meeting	Free of Charge	Tuesday & Thursday, 10am - 2pm

PATTERNMAKING..... \$70 per hour plus GST

GARMENT	APPROXIMATE TIMEFRAME	WHAT HAPPENS IN THIS TIMEFRAME
T-Shirts	1.5 hours	If a sample is supplied the shape of the garment is taken, this is then digitised into the computer, seams are defined, If measurements are supplied the pattern is created From a block in the computer based around those Measurements.
Shirts	2.5 hours	
Pants/Shorts	3.5 hours	
Skirts	3 hours	
Dresses	3.5hours	
Jackets	5 hours	
Tops	3 hours	

The client needs to provide a reference of measurements required for their base size.

- Samples can be reproduced if the customer wants the exact fit of the sample/garment
- Alternatively, the customer may provide a pattern/block to base the garment off.
- Pattermaking is charged at an hourly rate.
- Pattermaking with blocks will reduce the time frame.

See below a guide on the cost of making patterns for the following garments.

For styles with complex designs or features, a longer time frame will be needed.

Once the patterns are completed they will be sent to be plotted out as either a pattern plot or marker and will be presented with a completed make sheet.

Once the customers patterns are on file they can then be used as a block to create different styles in a reduced time frame.

***Please note:**

- The time frames listed above are estimates for PATTERNMAKING ONLY, this does not include fittings, alterations or anything else.
- Computerised Patterns that are not being sampled will not be printed out, if this is required an additional charge will incur (See Plotting Cost).

SAMPLE CUTTING \$55 per style per size plus GST
(Manual OR Laser including printed plot)

- Cutting is charged per style.
- The cost of one garment of one style & size to cut is \$55, the cost remains the same for 5 garments of that same style & size if the fabric can be layered up. This takes the same amount of time as cutting one garment.
- Up to 5 layers of fabric can be cut at once in either the same colour or different colours if the fabric is all the same width.
- If fabrics are different widths the difference will become wastage for the length of fabric required.

MACHINE ROOM STOCK (If Required)

Launch Initiative Design Studio keeps in stock some basic supplies required for use during the initial sampling stage. The available machine room stock includes:

PRODUCT	COLOUR AVAILABLE	COST

SAMPLE SEWING.....\$45 per hour plus GST

GARMENT	Womens Size 6 - 26	Childrens Size 000 - 12	Mens Size XS - XXL
T-Shirts	1 - 3hr	1 - 3hr	1 - 3hr
Shirts	1.5 - 3.5hr	1.5 - 3.5hr	1.5 - 3.5hr
Pants/Shorts	3 - 5hr	1 - 4hr	3 - 5hr
Skirts	2 - 4hr	2 - 4hr	2 - 4hr
Dresses	2 - 5hr	2 - 5hr	2 - 5hr
Jackets	3 - 7hr	3 - 7hr	3 - 7hr
Tops	1.5 - 3.5hr	1.5 - 3.5hr	1.5 - 3.5hr
Jumpsuit	1 - 4hr	1 - 4hr	1 - 4hr
Dance Wear	-	3 - 4.5hr	-

For styles with complex designs, features or multiple extra features a longer time frame will be needed.

Features that impact time required for a garment include:

- Gathers, Pleating
- Additional pockets, zippers
- Hand sewn hems or French seams
- Multiple thread colours (Thread needs to be changed during the process of making the garment)

Some finishes will need to be outsourced by Launch during the sampling stages. These are charged at an additional cost and include:

- Buttonholes
- Studs
- Eyelets

HOW TO PAY:

Bank Transfer	<i>Account Name: Launch Initiative PTY LTD BSB: 062-112 Account Number: 10 10 34 97</i>
Credit Card	<i>To pay via credit card please email martin@launchin.net All credit card transactions have a 3% bank surcharge. Mastercard & Visa only accepted.</i>
Paypal	<i>To pay via Paypal please email martin@launchin.net</i>
Cash	<i>For smaller invoices</i>

PAYMENT TERMS & CONDITIONS

Work will not commence until the Launch Initiative Design Studio contract has been completed and signed. The contract requires credit card details as security. Once this is signed Launch Initiative Design Studio will charge the first small amount to be invoiced off the card whilst the client is present (This is usually the cost of the initial pattern making consult). As this is for our verification we do not charge the usual 3% credit card fee for this charge only.

It is suggested to clients that all other invoices are paid via direct bank transfer as this is the cheapest option. If goods need to be picked up on the day that the invoice is paid the client will be required send a proof of transfer to martin@launchin.net

If an invoice is over due you will be notified, if no action is taken to pay the outstanding amount we will be forced to bill it from the card. This attracts a 6% late fee plus 3% credit card charge on the overall amount.
